Premium Mix Color Collection

Numerical Order

Premium Mix & America's Color Collection Reference List

As part of our North American color tools strategy, the Premium Mix Collection (PM) has been folded into the Historical Collection (HC) and the Off-White Collection (OC). Twelve of the lightest PM colors have been added to the OC Collection and 17 of the darker colors have been added to the HC Collection. The 42 colors that comprise the America's Colors Collection (AC) already exist in the full Benjamin Moore Classics Collection.

Below you will find a table that lists the original PM or AC color number and the color number in its new, respective collection (HC, OC or Benjamin Moore Classics).

America's Color Collection

Numerical Order

Original Color #	Color Name	New #
AC-1	Coastal Fog	976
